Oman Air - On the wings of technology and the strength of its traditions

Oman Air, the flagship company of the Sultanate of Oman's Civil Aviation sector, commenced operations in 1993. Starting off as a regional player, Oman Air, as Oman's national carrier has witnessed rapid growth since the time it was established. Oman Air has played a major role in making Muscat a major traffic hub in the Middle East providing a fillip to commercial, industrial and tourism activities.

As a full-fledged commercial airline of Oman, Oman Air has striven to maintain high performance standards in all aspects of its operation. The Oman International Services was established in the year 1970 & later Oman Aviation Services was founded on 1981 to extend services to the other airlines in terms of cargo handling, ground handling etc.

The Oman Air fleet consists of most modern and fuel- efficient aircraft with aesthetically designed interiors. Ultra- modern in-flight service equipment is deployed onboard to improve safety and overall performance. Investment in new technology, planning and product innovation has propelled Oman Air to the forefront of the aviation industry.

At Oman Air, we strive hard to enhance our products in terms of convenience, efficiency and service so that flying with us is consistently an enjoyable experience. Achieving and maintaining internationally recognized standards of quality and safety is a continuous and uncompromising process in every department of Oman Air.
