Think Arabian nights! Sindbad the Sailor 1001 nights... Think Oman

A Hidden treasure With a History dating right back to 3,000 BC, Oman's unspoilt land could tell a thousand tales. It was the birthplace of the Queen of Sheba, the last resting place of Prophet Job and the home and port of the famous adventurer, Sinbad the Sailor. So it is no wonder that the Sultanate has such an abundance of hidden treasure- From the grand forts, exquisite palaces and mystical souqs of the capital Muscat, to the undulating dunes, fresh water wadis and miles upon miles of unspoilt sandy beaches. Oman is just waiting to be discovered.

Natural beauty

With natural geysers, vibrant coral reefs, soothing hot springs and mesmerising aquamarine wadis, Oman has been truly blessed by Mother nature. It is also home to the endangered Arabian Oryx and is one of only three places in the world where rare Greenback Turtle breed. The sight of thousand of baby Greenback Turtles scrambling into the water for the very first time is certainly one to behold.
