## Check-in

### Two Convenient Ways of Check-in

Oman Air offers you two convenient ways to check-in for your flight either Online Check-in available on [www.omanair.com](http://www.omanair.com) or Early Check-in at Muscat International airport. Details as mentioned below:

#### Early Check-in

Early check-in facility of up to 8 hrs, is available before departure.

In cases of a family where the entire members are not physically present during early check-in, bags can be accepted but boarding passes will be issued only when the entire family is seen by check-in staff **at Online check-in counter 48 or 49.**

Passport and Visas will be checked at the initial baggage acceptance time.

#### Online Check-in

Whether you are travelling for business or leisure, alone or in a group, with or without baggage, we have made it easy for you to have a hassle free airport check-in experience, at just the click of a mouse.

Other advantages for passengers who avail this facility:

Online check-in, is available between 48 hours & 90 minutes before the scheduled time of departure.

Online checked-in passengers without baggage can proceed directly to immigration and gate without requiring to report at our check-in counters.

Dedicated Web-check-in counter at Muscat International Airport, to drop off your baggage. Baggage Tags will be provided at counters 48 or 49.

Counters at the airport will close 60 minutes prior to the scheduled departure.

Enter the world of Comfort at Oman Air offering passengers comfort and convenience on ground. Welcoming each passenger with the true hospitality and traditional warmth that is quintessentially Omani.

#### Check-in

We advise our customers to report to the airport at least 3 hours before scheduled time of departure. The time shown on your ticket is the actual departure time of the aircraft. However, we advise you to

call up your local Oman Air airport office or flight information to confirm the Oman Air flight departure time before you leave home, in case of any unexpected delays or rescheduling.

Please ensure you have the following with you before proceeding to our check in counters:

Your Photo ID / Passport

Visa (if required)

You must arrive at the airport early enough to complete check in, immigration and security procedures in time to be present at the boarding gate.

The flights cannot be held for customers reporting late to the check in counters and hence, no responsibility shall be taken by the airline in such cases.

We do try to minimize the time you spend on checking-in, however, check-in deadlines vary according to the airport facilities and your journey will be smoother if you allow plenty of time.

Oman Air at Muscat International Airport will close check-in counters 60 minutes prior to departure effective 01 June 2009 for all outbound flights including domestic sectors.
