Oman Air Ranked Top for On-Time Performance at Heathrow

Date: 04 Sep 2011

Figures just released by the British Airport Authority for the month of July 2011 show that, for the third time in six months, Oman Air has been ranked top for on-time performance at London Heathrow, with 100% of its flights taking off on schedule.

Oman Air has consistently been ranked for on-time performance in the top five of airlines operating out of Heathrow and previously achieved first place in February and June 2011.

Krishan Perera, Oman Air's Regional Airport Services Manager, Europe, welcomed the figures, saying:

"To have achieved a first-place ranking for on-time performance for the third time in six months is a tribute to the commitment and hard work of all Oman Air's staff at Heathrow and our Service Partner - Dnata. As the world's busiest airport, Heathrow is a challenging environment in which to operate and our consistent top five ranking shows that the Oman Air team's efforts, and their close working with the airport authorities, are paying dividends.

"Whilst this is good news for our professional pride, the most important impact is on Oman Air's passengers, who can rely on our punctuality, as well as our outstanding airport and inflight services. We look forward to maintaining this excellent record and to continuing to deliver a superb passenger experience for all our passengers."
