Le Méridien Munich

Category: ★★★★★

Location

Situated in the heart of the city, conveniently across from the main rail station, Hauptbahnhof, Le Méridien Munich is flanked by some of the city's greatest monuments. The Bavarian State Opera, originally commissioned by King Maximilian I and rebuilt five years later after a fire, was home to legendary composers. It was here that Wagner presented the world premiere of his gorgeous opera, *Tristan und Isolde*, in 1865.

The immense agricultural market, the Marienplatz Viktualienmarkt, and the Hofbräuhaus brewery are also within walking distance. The renowned Eichenried Golf Club is just a 20-minute subway ride.

Facilities

Offering 381 elegantly-appointed guest rooms and suites, Le Méridien Munich has all of the old-world flair one expects from a charming European hotel, combined with modern amenities.

High speed Internet access and sleek conference rooms for business meetings provide an elegant atmosphere for corporate events. The hotel's spa offers a tranquil place to reinvigorate.
