Seat selection

All paid seating is subject to availability at time of request. Paid seating is available on all Oman Air operated flights. Paid seating is not available on flights operated by codeshare partners. That is to say, seat selection is not allowed yet in flights operated by Oman Air and marketed by another airline.

All un-ticketed passengers are not eligible to choose seats in advance.

Chargeable seats can be purchased until 1 hours prior to the flight.

Seat cannot be transferred to any other passengers in a booking

Oman Air endeavours to seat guests in their selected seat. On occasions it may not be possible to sit guests in their selected seats and in such cases Oman Air will endeavour to re-accommodate guests to a similar seat to their selected seat.

Emergency row seats

Emergency row seats are located either next to or just behind the emergency exit door.

In the unlikely event of an evacuation emergency row seat traveller is expected to assist in the opening of the emergency exit door. For this reason, the passenger must be an able bodied person (16 years and over) in full fitness and able to understand printed or verbal instructions given in English. The passenger must be willing, as well as able, to assist in the case of an emergency evacuation. When requesting emergency row seats passengers will be asked to verify their eligibility.

Oman Air has the sole discretion to determine whether a passenger meets the requirements to sit in an emergency row seat. If passengers do not meet the requirements, they will be assigned an alternative seat. The additional amount paid for an emergency row seat will be forfeited and will not be refunded.

Passengers traveling with infants are not allowed to emergency row seats.

Patients whose mobility partially or totally restricted are not allowed to emergency row seats.

Overweight passengers who demand second seat belt, are not allowed to emergency row seats.
