Earn miles with Oman Air

Every time you fly with Oman Air on qualifying flights, you earn Sindbad miles. The number of miles you earn will depend on the route you fly, the cabin you choose, the booking class and finally your Sindbad Tier. It's easy to earn miles for your flight. Simply provide your Sindbad number when you make your reservation, and make sure that it appears on your boarding pass at check-in.

Use the Mileage Calculator to determine how many miles you can earn flying Oman Air. Save your boarding pass until your miles have been credited to your Sindbad account. If your miles haven't been credited within 48 hours, please request credit online within 6 months of your travel date.

The route you fly

The number of miles you earn for a given route is based on the distance between the two airports. For example, if you take a flight from Muscat to London Heathrow, you will earn up to 3624 miles in Economy.

You will earn up to 100% bonus Sindbad miles when you fly Business Class and up to 200% bonus miles when flying First Class.
