Oman Air launches all new revamped Mobile App

Date: 27 March 2019

Oman Air, the national carrier of the Sultanate of Oman, has introduced its revamped mobile application for iOS and Android smartphones allowing its guests to organise and manage their journey on the go. Utilizing the latest innovations in mobile technology, Oman Air's new app is a user-friendly platform with easy steps, providing guests with inclusive trip management capabilities like flight booking, online check-in, pre-selection of seats, flight status as well as information about Oman Air's latest offers. The revamped app also enables guests to check their Sindbad miles balance, claim any missing miles, request for redemptions, keep track of tier progress, see their upcoming bookings on Oman Air, and much more.

Dedicated to deliver excellence in every single guest interaction, Oman Air strives to provide innovative solutions that ensure a seamless world-class service for its guests. The new app is a one-stop-shop for Oman Air guests to access a number of services conveniently from their handhelds whenever and wherever they are. The app, which is available in both English and Arabic language versions, is designed to be simple and informative.

Furthermore, the app makes it easier than ever to book flights with Oman Air using credit or debit cards. The booking and purchase of tickets is completed in just a couple of clicks or taps on customized screens. Guests who prefer not to download the app can still book and pay for flights, and access all of Oman Air's web-based services, using the airline's Mobile website at www.omanair.com.

Oman Air's launch of the revamped app is the latest in a series of digital developments at Oman Air which offer even greater convenience for its customers. As the carrier continues to expand with new destination, codeshares and fleet, attracting international acclaim for the quality of products and services, its award-winning digital presence is also ensuring that it is more accessible and responsive to the needs of its guests.
