Exc Code – KHOT -007

Proceed towards the fishing town of Quriyat through the stark mountain terrain. Drive through this fishing village visiting the 400-year-old Quriyat fort before heading to the fish souk where a variety of fish are traded for local consumption as well as export. Drive along the picturesque waterfront. There is a good chance of spotting flamingos and eagles at an inland stream. From here we proceed towards the coast and visit the village of Hail Al Ghaf, which is known for its fruit plantations. We then start on an adventurous route cutting through the mountains. At the end of the drive, Wadi Arbayeen awaits with its deep pools of water set among the date palms. Enjoy a picnic lunch here and drive back to Muscat via Wadi Mazara.
