

TRANSOM

Catering
التموين

TRANSOM Catering launched its new outstanding facilities in 2019, a noteworthy improvement for the organization. It is the biggest kitchen in the Sultanate of Oman, three times bigger than its predecessor.

This improvement materializes, not only in terms of dimension and capacity, but also, more importantly, in terms of the quality of the services. To uphold excellence in quality and services remains our top priority since our inception in 1971.

In fact, since then our services have been awarded for excellence close to 20 times, including by Travel Awards for Business and Economy Class (2017) and Business class lounge (2015).

This new facility is a state of the art kitchen, with the latest technology, laundry, and laboratory equipment and is one of the most advanced in the Gulf region. The facility is maintained to the highest standards by our internal team of engineers and technicians working 24-hours a day to ensure premier levels of service delivery.

Our team is very diverse which gives us the "edge" when developing and producing menus or our widely international clientele. We believe we offer authenticity and quality consistently throughout our varied product offering.
